If coming by freeway (205), take the exit that says Hwy. 43 / West Linn. Go north on Hwy 43 (also known as Pacific Hwy or Willamette Dr.). When you get to a light that says W. A St. on the left and Elliot St. on the right, the turn is the next left. *The street sign at the turn says Caufield St.*

This is how the house looks from Caufield Street. Those sliding glass doors are the doors to the office. Please come this way if you have business with WW.

The 35 bus comes within a few blocks on Hwy 43. One stop is at Barlow St, the other at W. A/ Elliot St.

We will have an opening celebration in April. We have six writing rooms that will be rented out @ \$10/day each starting in mid-March.

Check the website for announcements.

If coming from the north on Hwy 43, the turn at Caufield St. is about three miles past Marylhurst College. Caufield is the next street on your right after Barlow St.

There is ample street parking on both Buck and Caufield Streets. If parking on Caufield, make sure that the back of your car is at or above the left edge of the fence in the picture to the left. Cars often speed when they turn on to Caufield, and cars close to the corner have been hit.

This is the house from the front. Enter this way if you are renting a writing room or coming to a meeting or event.
